

Marco Fall 2016 Graduate Colloquia

5 pm, Greve Hall 615

September 26:

Professor **Ashley Maynor**, Digital Humanities librarian, will present an overview of this field and also discuss her work in film and media arts.

October 10:

Professor **Stephen Collins-Elliott** will talk about computational analysis of ceramics from archaeological sites and also will address geographic data he has collected for analysis of a Moroccan site. There is an article that will be distributed in advance of this meeting.

Snacks will be provided!
